

# Summer Reading at the library starts June 6 and goes till August 1

Starting **Thursday June 6** come to the library, pick up a reading log, have some popcorn, make a craft and tour the library. Then start reading

This year all you need to do is read for at least 20 minutes a day for 40 days during this 8-week challenge.

You have until August 1 to finish this challenge.

Your first chance to win a prize will be Wednesday June 26. That will be twenty (20) days from June 6.

This year's theme *Read, Renew, Repeat* follows the three and sometimes four "**R's**" related to recycling: *Reduce, Reuse, Recycle* and *Repair*. Every Wednesday during Summer Reading, come to the library's Reading Room and pick a craft (**repeated**) from a previous Summer Reading or Story Hour. *Reuse* book covers to create journals and scrapbooks which is making them into something (**re**)new to be read at a later time. By *recycling* these items, you are *reducing* what goes into the landfills. **Repeat** this every Wednesday during Summer Reading.

Games, guessing jars and Bingo will still be a part of Summer Reading.
