

On July 16, Andrew, age 11, was the first person to finish 40 days of reading. He is shown here, in front of the Color Wheel, with his reading log, certificate of completion and a trophy.

Once you finish reading for 40 days, bring your reading log in to the library for your certificate of completion and to be entered into one of the grand prize drawings.

No need to wait until August 1 if you've already read for 40 days.
